Dear Mr. Ferryman:

Thank you for submitting the adoption documentation for the Marion County Hazard Mitigation Plan. The plan was reviewed based on the local plan criteria contained in 44 CFR Part 201, as authorized by the Disaster Mitigation Act of 2000. Marion County met the required criteria for a multi-jurisdiction hazard mitigation plan and the plan is now approved for Marion County; the City of Marion; and the villages of Caledonia, Green Camp, LaRue, Morral, New Bloomington, Prospect, and Waldo.

The approval of this plan ensures continued availability of the full complement of Hazard Mitigation Assistance (HMA) Grants. All requests for funding, however, will be evaluated individually according to the specific eligibility and other requirements of the particular program under which the application is submitted.

We encourage Marion County to follow the plan's schedule for monitoring and updating the plan, and continue their efforts to implement the mitigation measures. The expiration date of the Marion County Plan is five years from the date of this letter. In order to continue project grant eligibility, the plan must be reviewed, revised as appropriate, resubmitted, and approved no later than the plan expiration date.

Please pass on our congratulations to the communities for this significant action. If you or the communities have any questions, please contact Rebecca Leitschuh at (312) 408-4421.

Sincerely,

Christine Stack, Director
Mitigation Division
